

WINTER
THE DOLPHIN'S
BEACH CLUB

Newly reimagined on America's No. 1 beach, the eco-and-family-friendly waterfront hotel is inspired by "Winter" - the rescued dolphin made famous in the Dolphin Tale movies. Travelers will enjoy our laid back, whimsical ambiance, plus educational marine-life experiences through our partnership with Clearwater Marine Aquarium, Winter's home sweet home. The newest hotel in Choice Hotel's Ascend Collection, our beachfront location, outdoor pool, and on-site restaurant provide ample opportunity to relax and connect in the warm Florida sunshine. With a focus on sustainability and conservation and measures to protect marine life such as sea turtle safe lighting and the elimination of single-use plastics, travelers can book their vacation knowing they are actively helping to preserve Florida's unique environment and marine life that call it home.
